

## TEST 1

A small piece of rubber used to remove the marks made by a pencil

A machine or tool for making things such as pencils or knives sharper.

A small bag for holding pens, pencils, etc., often used at school

A board with a smooth, white surface, often attached to a wall, on which you can write and draw using special pens

A straight strip or cylinder of plastic, wood, metal, or other rigid material, typically marked at regular intervals and used to draw straight lines or measure distances

A type of table that you can work at, often one with drawers

An electronic machine that is used for storing, organizing, and finding words, numbers, and pictures, for doing calculations, and for controlling other machines.
